Who we are...

About RAIN: Giving Vulnerable Animals a Second Chance

Founded in 2002, RAIN has been dedicated to saving the lives of vulnerable cats and dogs. Every year, we rescue hundreds of animals, providing them with a safe haven where they can heal, flourish, and eventually find their forever homes.

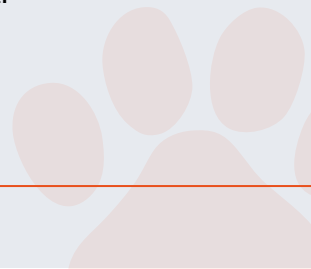

At our rescue centre, we look beyond the scars of neglect, fear, and pain, recognising the individuality, resilience, and potential within every animal. We focus on those who need us the most, giving them the time, care, and rehabilitation they deserve.

Each animal's journey is unique. Some arrive frightened and unsure, others in urgent medical need, but all are met with compassion, patience, and expert care. With the support of our dedicated team and foster network, we help them rediscover trust, build confidence, and prepare for life in a loving home.

But that's not all...

In addition to rescuing homeless and abandoned cats and dogs, RAIN also supports pet owners in crisis who need to rehome their beloved pets. We extend our reach into the community, offering help where it's needed most.

From providing pet food to food banks, assisting with veterinary costs, and much more, we are here for both pets and their people. Through every storm, we'll always be there, offering support and care when it's needed most.

Phoebe's Second Chance

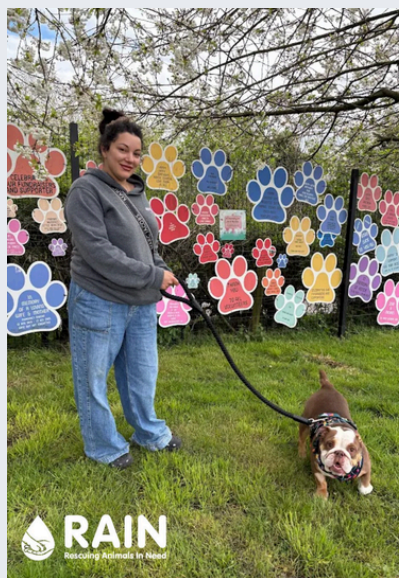

When Phoebe arrived at RAIN, even breathing was a struggle. At just three years old, she was suffering from severe Brachycephalic Obstructive Airway Syndrome (BOAS), alongside painful skin allergies and ear infections. Every breath was difficult, and even getting excited would leave her exhausted.

Our veterinary team confirmed that Phoebe urgently needed life-changing surgery to widen her airways. Costing £1,019, it was a significant expense for a small rescue—but there was never any doubt that Phoebe deserved the chance to breathe comfortably and enjoy the life every dog should have.

Your partnership could help make more stories like Phoebe's possible. By supporting RAIN, your business can help fund vital veterinary treatment, rehabilitation and everyday care, giving vulnerable cats and dogs the second chance they deserve.

Today, Phoebe is thriving in her forever home, where she's loved beyond measure and finally able to enjoy life to the fullest.
